2006 JULY INTERPRETIVE CALENDAR TOLLAND STATE FOREST

Park Interpreter: Clara 413-269-6002

Description of Programs & Events:

Talk & Hike

Meet at the cemetery. We will identify some of the names on the tomb stones that date to the 1800's. We will then go on an easy hike
Use bug repellent.

Crazy about Bugs

Meet by comfort station 2. View insects through a magnifying glass. We will then try to find some insects to view and release.

Animal Tracks

Meet by the Nature Center. Identify some common animal tracks from plaster molds. Make your own "Track Journal," to record animal tracks that you find.

Jr. Ranger

Meet by the Nature Center. Work towards receiving your Jr. Ranger certificate. For ages 8 – 12.

Bear Aware Walking Sticks

Meet by the Nature Center. Bring your own walking stick, or we will look for one. Also learn about bear safety.

Scavenger Hunt

Meet by the beach. Sharpen your observation skills as you search for hidden objects. Fun for all.

Frogs & Toads

Meet by the Nature Center. **This special event** is offered in cooperation with the Otis library. Frogs & Toads will "come alive" as Lynne Fay reads from amazing books. A fun animal craft will follow the reading. Plus, there will be live critters too.

Park Interpreter: Clara 413-269-6002

Butterfly Feeder

Meet by the Nature Center. Make an easy butterfly feeder, and learn some facts about moths and butterflies.

Creatures of the Night

Meet by the Nature Center – if YOU DARE! Listen to recorded sounds of nocturnal animals, and learn to identify some mammals, insects, birds, and others by their sounds.

Special Event:

July 27 Frogs & Toads 1:00-3:00pm, Nature Center

Meet by the Nature Center. This special event is offered in cooperation with the Otis library. Frogs & Toads will “come alive” as Lynne Fay reads from amazing books. A fun animal craft will follow the reading. Plus, there will be live critters too.
